A New Framework for Business Collaboration

Traditional inside-the-firewall approaches to integration cannot yield the gains organizations need to meet large-scale growth initiatives. We offer a new framework for multi-enterprise collaboration that gives you end-to-end visibility and control over the processes you share with customers, suppliers and business partners.

LEARN MORE

Demo:
Gentran Integration Suite 4.0 for B2B

Learn how your business can benefit from a single, comprehensive B2B suite based on a service-oriented architecture.
